# ELLWOOD STEEL WIRE FENCES.

The Standard Style is made in six heights. It is the Standard Woven Wire Fence, because it is constructed to meet all the ordinary requirements of fencing for all purposes. Heavy coiled spring cables and strong cross wires, all heavily galvanized, give strength, security and long life to this fence.

# ELLWOOD STEEL WIRE FENCES.

The Ellwood Lawn Fence is a beautiful, as well as strong fence, made in six heights, coiled twisted cables every four inches of height, close mesh. It is the cheapest effective fence for lawns, residence lots in towns and cities, for parks and cemeteries, or wherever an ornamental as well as durable fence is desired.

# ELLWOOD STEEL WIRE FENCES.

The Ellwood Crib Fence is designed for and admirably adapted to the building of corn cribs. It is cheap, does not hold moisture, is vermin proof and is much more durable and satisfactory than wood. The crib fence is also excellent for covering hay and grain stacks; can be moved readily and stored from season to season to meet such use.

## COST OF FENCE.

---

In figuring the cost of other forms of fencing in comparison with the Ellwood, remember that in the Ellwood you have

- Fewer posts per rod or mile.
- Greater length of life.
- More Perfect service.
- No bills for repairs.
- Greater cleanliness.
- No danger from fire or flood.
- No injury to stock.
- Handsomere appearance.
- Immunity from snow drifts.
- No damages to crops by inbreaking animals.
- No damages to neighbors by out-breaking stock.
- All gains and no losses.

It is clear, therefore, that while its first cost may exceed the cost of other fences, each season will save enough actual money and worry to make the Ellwood Fence a money making investment in the long run.
